The Swoop Scoop

“Swoop” is a nickname for our Title I Program. Students in grades K–4 may qualify for extra reading support each semester thanks to a federally funded program for which JGSC qualifies. Currently, our Swoop Groups service over 120 of our NLES Shamrocks in grades kindergarten through grade 4.

Our groups are led by our dedicated **Swoop Crew**. Monday through Thursday, the students work in consistent small groups with reading lessons led by an instructional aide. Our Swoop aides are **Mrs. Craft, Mr. Hadden, Ms. Kaser, and Ms. Zoellner**. **Mrs. Amy Weiss** is the Title I teacher at NLES. Mrs. Weiss alternates between groups in order to work with each student several times throughout the semester.

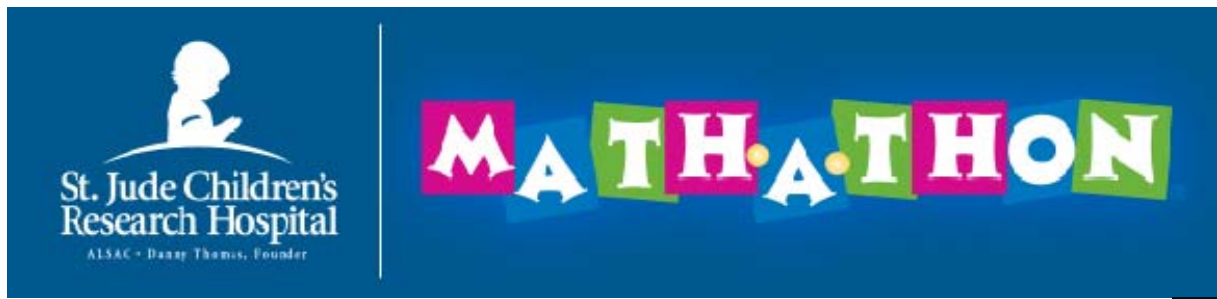

The groups use high quality research–based materials. Our kindergarten groups are using Burst Reading to help build a strong literacy foundation. Burst Reading uses new data every ten days to adapt the lessons to support the students with their specific needs. Grades 1–4 use Leveled Literacy Intervention materials. Through systematically designed lessons and original, engaging leveled books, *LLI* supports learning in both reading and writing, helps students expand their knowledge of language and words and how they work.

Along with the small groups, our Swoop Crew has held some special events this year. Swoopers were invited to Night at the Library (over 40 book characters came to life at the school). Our Swoopers were Santa's helpers at Christmas at the Library. Our elves were able to help Santa with serving refreshments, listening to stories, and handing out free books. Coming next: **Our Swoop Team is heading up an all-school reading event! All students (and staff!) are invited to participate in the Swoop Super Sled Reading Race.**

Dear Parents,

NLES has been invited to participate in the St. Jude Math-A-Thon. I am sure you have seen the St. Jude commercials, but if you haven't, St. Jude is a pediatric cancer center that treats patients regardless of a family's ability to pay.

Math-A-Thon is a free educational program that teaches our kids the importance of math while helping others in need. First, the students ask their family and friends to sponsor their participation in the program. Then, the students receive a Funbook filled with math problems. (***Students even have the option of going online to complete their Funbook, search for North Liberty Elementary School***) Finally, they collect pledges from their sponsors and return them to the school to be sent to St. Jude.

The Funbook is a free math curriculum supplement by Scholastic and it features comic book characters. St. Jude and Scholastic incorporated national math standards into the Math-A-Thon program, so it is a math program designed to help prepare students for standardized tests. (ISTEP is right around the corner!)

Of course, the best reward for participating is knowing your family has made a difference in the life of children suffering from cancer and other catastrophic diseases. You and your child can make it possible for St. Jude to treat patients, regardless of a family's ability to pay. Funds raised by students benefit St. Jude Children's Research Hospital, where doctors and scientists work to eradicate childhood cancer

Your student has been introduced the Math- A-Thon program and has been given a permission envelope with directions on how to participate. Math-A-Thon permission slips are due by Friday, January 30th. The Math-A-Thon date is February 11th. (Students can begin anytime online.)

Along with the Math-A-Thon Funbook activities, we will also be collecting loose change. Remember that every little bit helps. If you have any questions, please feel free contact me.

Thank you,
Michele Weiss – 6th Gr. Teacher
Justina Weiss – Senior at John Glenn High School

Register for Girls on the Run 2015

Program Dates: March 1 – May 16

www.girlsontherunmichiana.org

What is it? Girls on the Run is a curriculum based, after-school character development program designed for **3rd – 5th grade girls** of ALL fitness and ability levels. The 10-week curriculum inspires each girl find and stay true to her REAL self. Groups of 8 to 15 girls meet twice a week with their trained, volunteer coaches to discuss important life lessons while playing fun running games. Girls on the Run emphasizes independent thinking, making healthy choices, positive group dynamics and problem solving. Every girl is encouraged to be her best self. The program finishes with the girls running or walking in a non-competitive 5k on May 16th, 2014.
